

Enhanced Caregiver Support

Driving Outcomes through Grants
and Community Resources

Outcomes: From 2020 to June 2025

The programs have served 222 caregivers overall and provided 190 hours of mental health counseling and 1,065 hours of in-home respite.

80 percent of caregivers reported a lower stress score by the time their case was closed.

78 percent of 2023 50 Pilot Respite Caregivers had a decrease in stress scores post respite on reassessment.

72 percent reported decreased depression and

79 percent reported increased coping skills.
